Dear Mr Wilson

Having just read the 'Which' report you kindly forwarded to me I feel I must add my own comments of appreciation.

I

I have been with Utility Warehouse for over a year now and am more than satisfied with the service I have received. The initial transfer from my previous suppliers was made very easy. Since then I have always felt I had good value for money and that UW is run efficiently and always with the customer in mind. I really appreciate being able to make free phone calls on my landline for as long as I want, day or night. And now I can make free calls to some of my friends abroad – brilliant!

I would recommend Utility Warehouse to anybody.

Yours Truly
Susan Washford.
